PROSPECTIVE EDUCATORS

[Expedition Education \(E-Learning\)](#): Take a virtual tour through the campus and encounter the most relevant aspects of teaching at the University of Twente.

[Taste of Teaching Practice](#) with and reflect on your teaching tasks as a PhD. You will focus on preparing and executing lectures and supervising individuals and groups.

[The learning assistant training](#). Learn how you as a student can facilitate and support other students' learning.

TRAJECTORIES

University Teaching Qualification

Get support in developing your teaching tasks and obtain a University Teaching Qualification (UTQ). Contact one of the [faculty educational consultants](#) to find out more about the UTQ. UTQ-related courses cover the basic competencies:

[Designing education](#), [Teaching](#), [Assessing student work](#), [Evaluating your education](#), and [supervising students individually and in groups](#).

Senior University Teaching Qualification

Dive deeper into your education and develop yourself into an evidence informed educational innovator. Learn how you can use and obtain educational evidence and improve your education.

Senior Examination Qualification

Gain deeper insights into the curriculum-level tasks and responsibilities to ensure the highest quality of assessments. Very relevant for Examination Board members, programme directors & coordinators, quality assurance officers, and educational consultants who work in this domain.

UNIVERSITY OF TWENTE.

MASTERCLASSES

Are you looking to professionalise yourself beyond the UTQ? In these masterclasses and courses, you can delve deeper into a topic, develop advanced skills or broaden your strategies in teaching.

Innovating your education

- [The Challenge Based Learning Experience](#). Experience Challenge Based Learning from the perspective of a learner. Reflect on your experiences from different perspectives and learn more about the role of teachers, learners, coaches, or designers of CBL.
- [1 hour CBL fundamentals course](#). Have a quick tour and learn more about the basics of Challenge Based Learning.
- [Microlectures and where to find them](#). Discover the different aspects of using videos in education: from preparing material to producing your own video and using it in your own education.
- [Blended Learning Course Design](#). Get hands-on with your own course/module and see how you can transform it to blended learning, with the aid of blended learning professionals.
- [Formative assessment](#). Dive into the whys and hows of formative assessment and learn to apply it effectively in your own education.

Making your education inclusive

- [Teaching in an international classroom](#). Learn how to deal with challenges you come across in working in an international context.

Professionalise your teaching skills

- [How to activate the learning brain](#). Get to know the most recent tools and methods to activate the learning brain of your students, based on the principles of brain-based learning.
- [Grow as an authentic teacher](#). Improve your performance as a teacher and gain more confidence and enthusiasm to promote student learning.
- [Voice training](#): Unlock the power of your voice and become a master teacher! Discover the secrets of perfect pacing, articulation, and volume control. Embrace your inner teacher and gain the confidence to take control of your voice.
- [Supervising PhD students](#). Stimulate their development of creativity and independence while recognizing the limited timeline of 4 years. Reflect and extend your strengths and weaknesses in leadership styles through the course to become an effective supervisor.

English

- [Speaking public talks and presentations](#) Improve your spoken English related to giving public talks (including lectures) and presentations. Hone your speaking skills in a safe environment.
- English pronunciation (for [Dutch](#), [South-East Asian](#)): Improve your speaking skills and learn to apply basic pronunciation techniques.
