

FUOS

BEYOND SCIENCE FICTION

FUTURE UNDER OUR SKIN

EXPERT SYMPOSIUM | CITIZEN EXPERIENCE EVENT

28 NOV. 2023

UNIVERSITY OF TWENTE ENSCHEDA, The Netherlands

REGISTER NOW

Our skin has a unique role in medical and cosmetic procedures, amid healthcare and environmental challenges.

Future Under Our Skin explores innovations resembling science fiction concepts, like the Tricorder and the Hypospray.

FUOS23 also brings together experts from diverse areas such as healthcare, scientists, and policy makers. Our aim is to inspire the next generation of innovators.

Join the Expert Symposium on medical advancements and ethics, and an evening Citizen Experience Event with futuristic demonstrations.

Experience the future first hand!
Registration is free.
