

I am Naomi Loffeld, a fourth-year Psychology student, and since my second year I have been active at my Study Association, S.V. Dimensie. I used to say that joining UReka was not something for me. When last year my Board year as Treasurer and Commissioner of Books at Dimensie ended and some of my predecessors asked me whether I would like to join UReka I almost immediately replied “no, I want to stay close to the study associations”. As that is where I felt comfortable, and felt like I knew what I was doing. Hence, I went on to pursue another Board year at Overleg Studieverenigingen, the umbrella association for study associations. Here I currently hold the position of Faculty Representative BMS and slowly but surely came into contact with many different parties both within the UT as a whole, but mainly within BMS.

In this role, I tried to make everyone feel heard in whatever way, shape, or form was needed for that particular situation. And personally, I would like to continue doing so, but then in a new and perhaps more challenging way. Due to the experiences and contacts I have gained throughout the past years I feel ready to take on another new challenge by joining the Faculty Council. With this, I want to continue making a difference and aiding all BMS students in their academic paths.

Kind regards,

Naomi Loffeld
